

Electric Vehicle Infrastructure Deployment

Delivering a strategic and consultative approach to advancing electric vehicle proliferation with turnkey project management and deployment

Site Acquisition

We rapidly facilitate EV station sites, while assessing each site for zoning, construction, utility needs, regulations, cost optimization, and jurisdiction.

A&E Drawings

We provide precise drawings guiding construction and installation for successful builds and ongoing maintenance support.

Civil Work

Our skilled team designs, implements, and optimizes all civil construction, ensuring your EV station's durable foundation.

Electrical Work

With our electrical expertise, we design, implement, and test your EV charging for top safety and performance.

Rely on our expertise to deliver scalable solutions that effectively tackle **permitting, local coordination and materials management.**

Why choose Essentia?

Comprehensive Solutions

Turnkey EV charging station deployment.

Expertise That Matters

Our experienced team ensures seamless, efficient EV station deployment to industry standards.

National Reach

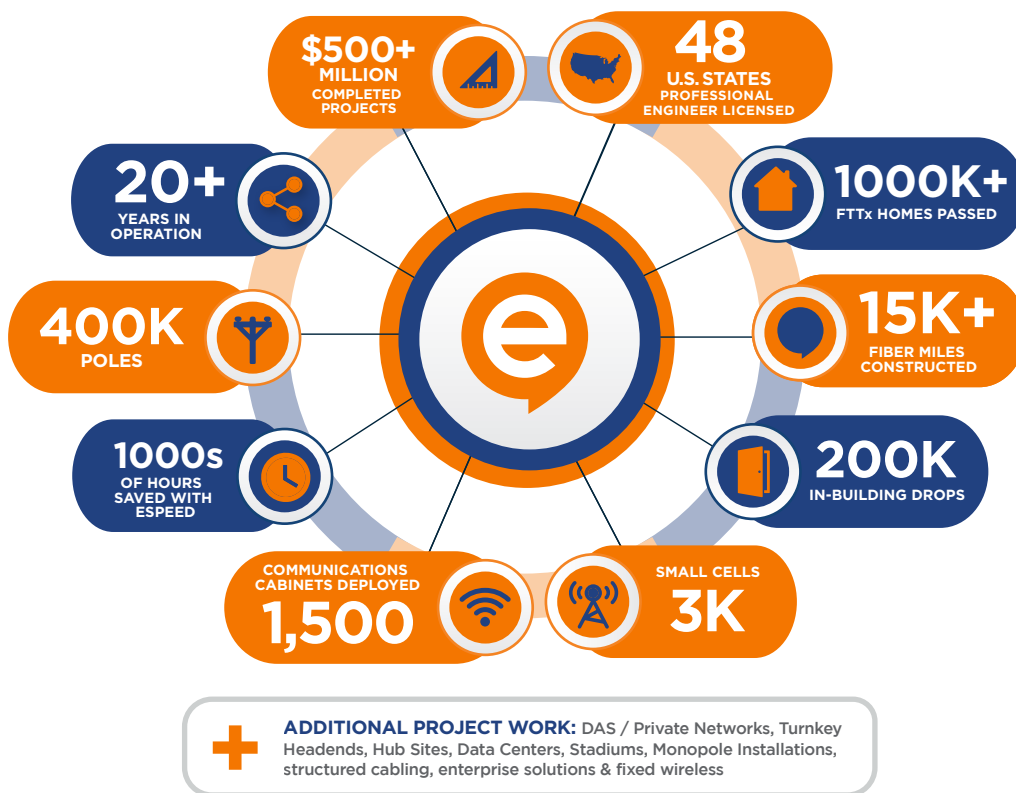

Delivering local resources across the country at scale.

Innovation in Action

Our eSpeed platform provides proactive communications and project updates in real-time.

About **essentia**

We are the Experts You Trust to Deliver First —
designing and building turnkey outdoor & indoor networks with
unrivaled quality and record-setting cycle times for Hyperscalers,
Fiber Operators, Telecom, Cable & beyond.

“The company has excelled at building the trust, speed, and expertise for being the go-to-entity for full-fledged fiber installations.”

— **TELECOM TECH OUTLOOK**
